

HEALTH, SAFETY, SECURITY AND ENVIRONMENTAL POLICY

Commitment

At WES, we view Health, Safety, Security, and Environment (“HSSE”) as integral to fulfilling our corporate mission.

- We strive to be a leader in HSSE performance, thereby continuing to earn the trust of our customers and stakeholders as a good neighbor and preferred midstream energy company.
- We are committed to operating in an environmentally responsible manner and protecting the health and safety of people and our surrounding communities, while meeting or exceeding regulatory requirements.

Operational Goals

- Promote a culture to maintain a safe work environment striving to cause no harm to people, communities, or the environment.
- Incorporate HSSE considerations in all phases of operations, including planning and design, to eliminate or minimize the potential for safety incidents or environmental impact.
- Operate our facilities in a sustainable manner, including using resources and energy efficiently.

Community Involvement

- Engage with the communities in which we operate to support and promote environmental, health and safety awareness.
- Enhance our transparency by sharing HSSE performance and strategy.
- Partner with stakeholders, including local, state, and federal authorities, on HSSE improvements, concerns and incidents.

Continuous Improvement

- Promote a culture where improvement ideas are raised and evaluated.
- Periodically review how we operate, looking for areas of potential improvement.
- Investigate and perform causal analysis on all Incidents and near misses.
- Share learning across the organization.
